

Special Notice (2021/2022) No. 1
Face-to-Face Class Arrangements in the 2021/22 School Year
(S.1 ~ S.6)

16th August, 2021

Dear Parent/Guardian,

The Education Bureau (EDB) announced on 02/08/2021 that, after taking into account the latest development of the epidemic and the preparedness of schools, all schools would continue to have half-day face-to-face classes in the 2021/22 school year.

When teachers, school staff and students of a school have achieved a high vaccination rate, an effective anti-epidemic barrier will be built. Such schools concerned may arrange more learning time for their students. For an individual school:

- (i) if 70% or more of the teachers and school staff (including teaching and nonteaching staff) directly employed by the school have received two doses of COVID-19 vaccine for more than 14 days; and
- (ii) if 70% or more of the students in the whole school have received two doses of COVID-19 vaccine for more than 14 days.

The EDB will, taking into consideration the actual circumstances of the schools, allow the students of such schools to resume normal school life, including whole-day face-to-face classes, luncheons, as well as extra-curricular activities.

If the School cannot fulfill the above requirements, half-day face-to-face classes will have to be implemented. The details will be announced in late August.

Therefore, our School has encouraged all the teachers and school staff to get the vaccination. At the same time, the School urged that all students should have COVID-19 vaccinated so that they can get back to their normal school lives as soon as possible. Parents and students can register to receive the vaccination via <https://www.covidvaccine.gov.hk/en/>.

The School has been collecting the vaccination records from all the teachers, school staff and students for organisation and analysis of percentage to check whether or not the School fulfilled the above requirements of EDB. After careful consideration, the School would decide whether to apply for whole-day face-to-face classes.

Schools are places where students study and engage in frequent activities. Teachers, school staff and students should proactively get vaccinated in order to strengthen the protective barrier, and create a healthy and safe school environment for students to study with a peaceful mind. To protect yourself, your family, the School and Hong Kong community, please get vaccinated as soon as possible.

I wish you all the best!

Yours sincerely,

Mr. Wong Chung Leung
Principal
